Planning Your Village!

Sustainability, One Square Mile At A Time

THE GREEN VILLAGE “HANDSHAKE”™

Green Village Building is rooted in the foundation of a network of interdependent relationships. Get to know the stakeholders you will need to engage by building relationships before, during, and after your development process. Review the lists below to ensure access to participation, by inviting all those necessary to the effective design of each event/program, to share their input, as well as their recommendation of others to invite to the table. Be sure to use the contact information you gather as the basis for the database for your Village Directory.

	LOCAL/ CITY	COUNTY	STATE	FEDERAL	DISTRICT
ELECTED	Mayor	Commissioner	Representative		
	Alderman		Senators		Water Reclamation
	Committeeman
